NAZIS ARE WITHDRAWING FROM WARSAW: WESTERN FRONT ACTION LIMITED

War Ministry Scouts "Short War" Propaganda

WARSAW, SEPT. 11 (REUTER)—A POLISH GENERAL STAFF COMMUNIQUE DECLARES THAT FIGHTING HAS TAKEN PLACE IN THE OSTROW-MAZOWIECKI DISTRICT (NORTH OF THE BUG RIVER) GERMAN TROOPS WITHDRAWING FROM THE IMMEDIATE VICINITY OF WARSAW.

ON THE BANKS OF THE VISTULA THE ENEMY LAUNCHED AN EXTENDED ACTION WITH THE AID OF ARMoured CARS. Lwow WAS HEAVILY BOMBARDED SIX TIMES ON SUNDAY.

Passengers aboard an evacuation train from Warsaw were obliged to leave the carriages 72 times to shelter from the bombing.

The German advance towards the north-east from the neighbourhood of Cracow is slackening. The Germans in this sector appear to be tiring while the Polish morale is unbroken.

Pamphlets dropped by German planes urging the populace to surrender were burned before large crowds in Joseph Pilsudski Square.

German stations are calling on Polish wavewlengths which is a contravention of the Geneva Agreement.

Last night a German station on a Warsaw wavewlength transmitted a Roman Catholic service in Polish followed by a sermon by an alleged Polish priest, who, according to Polish reports, spoke in broken Polish.

This caused great indignation in Poland as it was considered sacrilegious.

BANK NOTES DROPPED
During a German air raid large packets of Polish bank notes were dropped on Warsaw.

It will be recalled in the last Great War, the Austrians dropped Italian bank notes with the intention to devalue Italian currency.

GERMAN COMMUNIQUE
BERLIN, Sept. 11 (Reuter)—An Army communique claims: "The great battle in Poland is nearing conclusion. In the south the enemy, stubbornly resisting, has been driven across the San River. In the eastern parts of Warsaw all callings of Polish artillery are directing heavy fire against the German troops ensconced in the western parts of the capital. After fierce fighting on the Narew River the German forces have established bridgeheads on the river's south bank. The

Calm Night On French War Front

PARIS, Sept. 11 (Reuter)—A war communique issued this morning states: "Last night was calm on the whole front. Our troops have been able to make a local advance."

Yesterday's Fighting
"For twenty-four hours," writes the newspaper "Petit Parisien," "the Germans have been resisting energetically on the whole of the north-east front in order to try to stop our advance and retake some dominant positions the possession of which our troops had secured."

"None of the enemy's counterattacks have affected the formation of our lines, which have remained unchanged."

"The German artillery reacted strongly which seems to indicate that our troops have bitten well into the Siegfried Line."

Reports reaching official sources in Paris quoted by British United Press says that the German counterattacks in the French left wing in the Saar along a five-mile front from the Luxembourg border have been entirely halted during the night.

German reports state that the French are carrying out extensive shelling on their communications.

"BRITAIN WILL SEE THIS THING TO THE END"

LONDON, Sept. 11 (Reuter)—A Government spokesman in London to-day re-emphasized the War Cabinet's decision of a three-year war plan. German propaganda, he said, had put over the implication that the war was practically over. He stressed, however, that the British people were resolute in their determination to see "this thing to the end at whatever cost."

War Spirit In Moscow

MOSCOW, Sept. 11 (Reuter)—Moscow, believed by observers to be Europe's safest capital, is no longer the calmest.

Fewer people are visiting theatres and cinemas and there is less traffic than usual as many cars have been commandeered by the War Commissariat and long queues are seen outside food stores and savings banks.

POLES HELD HOSTAGE

THREAT OF HARSH TREATMENT

LONDON, Sept. 11 (Reuter)—A large number of Poles in German territory have been arrested and held as hostages, according to an announcement broadcast in Polish from German stations.

This action is claimed to be a reprisal for the arrest of members of the German minority in Poland. The broadcast added that "very harsh treatment" would be given the Polish hostages unless the Germans were freed.

Tokyo Denies German Report

TOKYO, Sept. 11 (Reuter)—A German report that Gen. Abe, Prime Minister of Japan, in outlining the Japanese foreign policy on Saturday said that Japan is revising her relations with the Soviet at Herr von Ribbentrop's suggestion and that the Premier favoured a non-aggression pact with the Soviet, is officially and categorically denied.

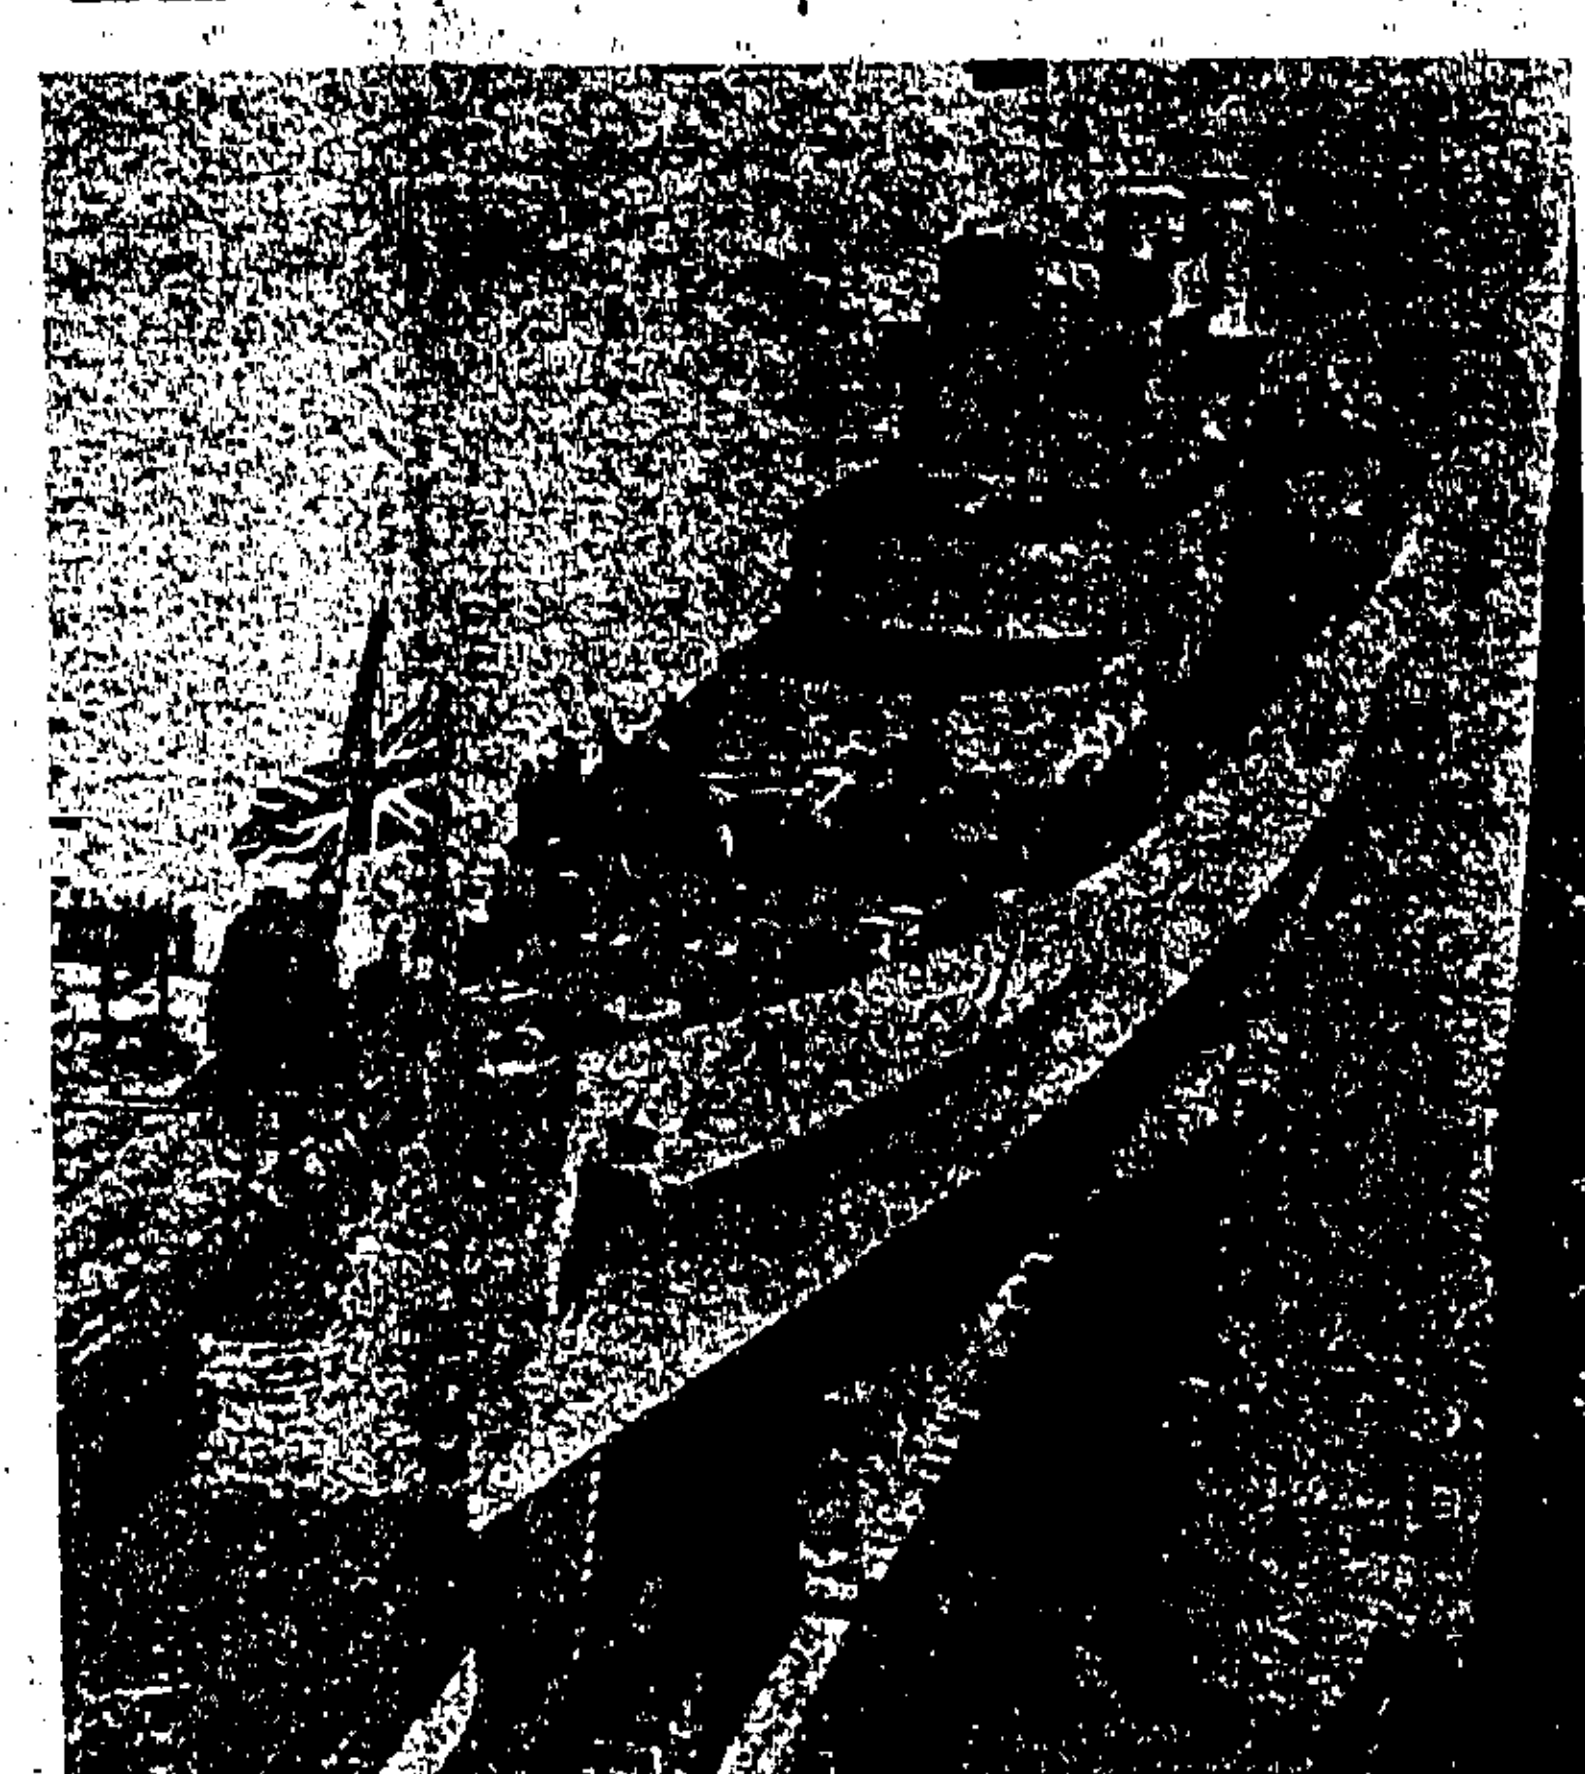

Officials emphasize, to the contrary, that the Premier stressed the inconsistency of belonging to the Anti-Comintern Pact while concluding a non-aggression pact.

AUSTRIANS FOR THE ALLIES

LONDON, Sept. 11 (Reuter)—A committee is being set up in London for Austrians who do not recognize the German regime in order to facilitate their co-operation in national and defence services.

operation. From Australia, as from Canada, comes news of a rush of recruits much greater than the Government can absorb. One welcome aspect of Dominion recruitment is to be seen in the extent to which the willingness of overseas countries to absorb the right sort of settlers of continental European stock, is now bearing fruit.

LACK OF AIR RAID SHELTERS IN HONGKONG IS EXPLAINED

Colony's Position Renders Construction Inexpedient

Special to the "Hongkong Daily Press"
The lack of air raid shelters in Hongkong is a question that has caused much speculation in the public mind, in view of the fact that various other defence preparations have been, and are still, going on in the Colony.

A representative of the "Hongkong Daily Press" was able to ascertain yesterday from the Director of Air Raid Precautions, Wing-Commander A. H. S. Steele-Perkins, O.B.E., the reason for this apparent neglect.

Wing-Comdr. Steele-Perkins explained to the pressman that it should not be assumed that the question of providing air raid shelters had not been considered by the authorities. In fact, the matter had been very carefully examined from every possible angle. But, owing to peculiar circumstances attaching to the position of Hongkong, it was decided that it would be neither expedient nor of value to construct such shelters.

As the A.R.P. Director pointed out, an air-raid warning would barely allow the populace two minutes time to evacuate their homes and seek these shelters. This, particularly under black-out conditions, would create a great deal of confusion and would be practically useless.

One solution which has been considered is the building of a tunnel along the fringe of the populated area, but even in this case there would be many difficulties to be overcome before such a proposal could be feasibly adopted, and the time factor would, in any case, effectively prevent people from obtaining the necessary protection.

As for building shelters underground in the town areas, apart from the enormous cost of such a scheme, the difficulties of blasting and boring under old houses among water-pipes and electric cables would be highly dangerous.

In these circumstances, the population is advised to study carefully and abide by the instructions contained in the official booklet, entitled "The Protection of Your Home Against Air Raids," which is being sold at the A.R.P. office at five cents per copy.

The authorities are convinced that, if these instructions are carried out to the letter, and with the minimum of delay, an air raid over the Colony will hold no fears for the people. A Chinese edition of the booklet is being sold at three cents per copy.

OTHER MEASURES

Wing-Commander Steele-Perkins went on to give the pressman further information as to the measures being taken by the authorities for the protection of the populace against air raids. He revealed that gas masks will shortly be available in adequate quantities to meet the needs of the bulk of the Colony's population.

A notice will shortly appear in the press giving the form on which application should be made for gas masks. The price at which they will be available will be \$2.50 per respirator.

FIVE MEN INJURED WHEN LIVE SHELL EXPLODES

Accident In Saiyingpun

FIVE PERSONS WERE INJURED WHEN A LIVE SHELL EXPLODED AT NO. 202, THIRD STREET, SAIFYINGPUN, ABOUT 7.30 A.M. YESTERDAY.

The premises were occupied by the Wai Kee second hand dealers. In the course of the sale and purchase of old and second hand goods, the shop had acquired a few old shells.

Five folks were removing goods from the shop yesterday morning. Amongst the things moved was one of the shells, which the folks did not know was active.

Whilst one man held the shell steady, another attempted to break it with a hammer.

There was an immediate violent explosion, the men being hurled off their feet and all windows being broken. The explosion was of such force that a hole was made in the concrete ceiling separating the ground floor from the first floor.

The injured persons, Leung Hau, 25, Ho Pui, 30, Kong Heung, 27, Chiu Pak, 25, and Pang Sing-kong, 28, were removed in an ambulance to the Queen Mary Hospital for treatment. It was later learned that their condition had improved.

SZECHWAN CITIES BOMBED

CHUNGKING, Sept. 11 (Central)—Forty-five Japanese planes, in several groups, bombed various cities of Szechwan, including Patung and places along the Yangtze, at noon to-day. They were challenged by Chinese pursuers during their return flight.

A group of Chinese and Foreign professors of the Western China University, University of Nanking and other universities in Chongqing have jointly undertaken to publish a Chinese language daily paper under the name of the "Chengdu Daily News." The new paper will make its debut on September 15.—(Central News).

CANADA'S DECLARATION OF WAR ON GERMANY

"Democracy In Action"

LONDON, Sept. 11 (BWS)—The formal declaration of war on Germany, which was proclaimed following adoption by both Houses of the Canadian Parliament yesterday, finally dispels whatever hopes the German leaders may have had that the renewal of the terrible ordeal of war would find the British Dominions, now secure in their independence, apathetic about Britain's cause.

The debate in the Canadian House of Commons, says the "Manchester Guardian," "was a fine example of democracy in action. It found all Canadian Parties in agreement. The first step must be to perfect the defences of the Dominion and provide training for the rush of recruits that has overwhelmed the depots."

"Meanwhile, the planned organization of material help the Dominion can give will be pressed on."

A strong industrial mission is to visit Canada to continue the work already begun in utilizing the Dominion's resources in munition, manufacture of raw materials and foodstuffs. Manpower apart, the presence in Canada of an arsenal, remote from danger of an air attack, should prove of first value.

NOT FORGOTTEN

In other Dominions, as in Canada, the proud part played in the last War has not been forgotten by the generation that must face this one. New Zealand was one of the earliest to offer full co-

PLANES DESTROYED

YULIN, Sept. 11 (Central)—Five planes on the ground in the Japanese aerodrome at Taiyuan were set on fire and completely destroyed by Chinese guerrillas on the night of August 30, according to a military release to-day.

The Chinese guerrillas responsible for this dangerous feat succeeded in evading several Japanese sentinel posts to penetrate the aerodrome precincts in a moonlight night. In addition to the planes, a gasoline storehouse was also destroyed by hand-grenades.

Japanese forces arrived on the scene too late to intercept the Chinese guerrillas, who retreated without loss.

SHANXI FIGHTING

HINGTSI, SHENSI, Sept. 11 (Central)—Lulin, in West Shanxi, to which the Japanese retired after an unsuccessful attempt to drive towards Kumbi, Yellow River crossing, is now under a vigorous Chinese siege.

Important heights around the town have been captured by the Chinese, while the strategic point of Mowluichwang, west of Chungyang, has also been wrested back.

HONGKONG FOOTBALL LEAGUE TO COMMENCE ON OCTOBER 7

Decision Reached At Association Meeting

NO REPLY YET RECEIVED FROM SHANGHAI REGARDING INTERPORT

AT A MEETING OF THE HONGKONG FOOTBALL ASSOCIATION HELD AT THE ASSOCIATION'S OFFICES IN THE BANK OF CANTON BUILDING LAST EVENING, IT WAS UNANIMOUSLY DECIDED TO HOLD THE FOOTBALL LEAGUE DURING THE SEASON 1939-40, BEGINNING FROM OCTOBER 7.

There was some discussion before the decision was reached as to whether the League should continue in these critical times. The opinions expressed by the Army, Police and other Service representatives present were unanimously in difficulties and postponements being necessary, were not left unconsidered.

After the minutes of the Council and Committee meetings had been read and passed, the Association discussed the question of sending an Interport team to Shanghai in November. Although the Association had written to Shanghai, the Northern port had not yet replied, but the chairman wondered, whether in the present situation, even if Shanghai accepted, a Hong-kong team would be able to go.

It was pointed out that most of the members were volunteers or Service men and that difficulties might arise about obtaining leave. The matter was eventually deferred until a reply from Shanghai was received.

In deciding to continue the League, the chairman suggested that the Hongkong and Kowloon clubs be written to inquiring whether they would be prepared to play on Sundays should, through postponement or otherwise, the necessity arise.

POSTPONEMENT ASKED

At this stage Mr. Walter Chen, on behalf of the South China Athletic Association, asked for a postponement of the original date for the commencement of the League, namely, Sept. 27, as the S.C.A.A., which was sending a team to Manila, was experiencing some difficulty in obtaining passage accommodation for the team to return to Hongkong in time for the opening of the League fixtures.

It was pointed out by the chairman that this was not the first time that the South China Athletic Association had made such an application, and in fixing the opening date at Oct. 7, the Chairman said that the S.C.A.A. will have to miss their fixtures, if any, should they not be able to return before that date.

The Police and Army had also asked for postponements, and this influenced the delaying of the opening date by 10 days.

CHARITY MATCH

It was decided to hold a charity match on the "Double Tenth" (Oct. 10) in aid of the British Fund for the Distressed in China. H.E. the Governor had already accepted the Association's invitation to be present. The teams will probably consist of a specially selected Chinese eleven and a team comprising "the Rest".

Considering a report made by Shanghai that in the event of a draw an extra 15 minutes should be allowed each way, the Association decided to adhere to its own recommendation—that only ten minutes each way should be allowed in the event of draw. This rule is in respect of Interport matches.

An objection to the ten per cent. pool system was raised by Mr. Strange, representing the Hongkong Football Club. Under this system the four clubs in Hongkong and the two in Kowloon, which have enclosed grounds, pool the ten per cent. of the receipts obtained from gate money and divide it among them irrespective of the number of matches played on each club's grounds. It was eventually decided to write to all the clubs on the matter of "pool money" before deciding on any other arrangement.

TONKIN TEAM'S TOUR

The last item taken up was a copy of a letter received from the French Consul in Hongkong from the Federation Shorten du Tonkin, Indo-China, protesting against a team, said to be of Tonkin, which is due in Hongkong very shortly to play a series of matches against

BAN RAISED ON SPORT IN ENGLAND

5,000 SEE N.Z.—DESBURY RUGGER

LONDON, Sept. 10 (Reuter).—Owing to lack of time following the raising of the ban on sporting gatherings in certain areas, only a couple of football matches were played yesterday.

A few officials and one reporter watched Queen's Park Rangers beat the Army 10-2 in an Association friendly match.

Despite short notice, however, 5,000 persons saw New Zealand rugby tourists beat Desbury 22-10.

FRIENDLY GAMES

An earlier message stated that in Britain, normal activities are being partly resumed.

This afternoon, friendly football matches in neutral zones were played.

It is announced that the number of people evacuated from the thickly populated areas in England and Scotland is about 1,317,000, of whom over half came from Greater London.

WATER RETURNS SHOW INCREASE

Jubilee Reservoir, Inch Below Overflow

The water returns for the month of August shows that the total storage on the Island was 2,305.92 million gallons as compared with 1,636.17 for the corresponding period last year. Tytam Tuk contained 1,393.00 million gallons while in August last year the storage was 970.32.

An estimated population of 700,000 consumed a total of 578.32 million gallons at 28.7 gallons per head per day as compared with the figures of 550,000, 513.97 and 39.1 for August, 1938.

From August 1 to 29 there was a daily supply of 17 hours while the supply on August 30 and 31 was for 10 hours.

The rainfall recorded during the month was as follows: Botanical Gardens 10.81 inches; Tytam Tuk 12.05; Tytam 12.98; Wong Nei Chong 11.87; Pokfulam 11.96; Aberdeen 9.90.

MAINLAND RETURNS

The total storage on the Mainland was 3,398.42 million gallons as compared with 1,495.59 million gallons during August last year. Jubilee Reservoir with 2,917.37 million gallons was only one inch below overflow while the Kowloon Main Reservoir was level.

An estimated population of 600,000 consumed a total of 398.34 million gallons at 21.3 gallons per head per day, the corresponding figures for the same period last year being 300,000, 355.44 and 22.9.

There was a daily supply of 17 hours throughout the month. The rainfall recorded was as follows:—

Royal Observatory 12.820 inches; Shing Mun (No. 1) 15.40; Shing Mun (No. 2) 11.84; Shing Mun (No. 3) 10.01; Kowloon (No. 4) 13.04; Shek Li Pui (No. 5) 12.14; Tai Po 7.21; Fanling 6.90; Un Long 6.62; Tai Lam Chung 4.42; Shing Mun Catchwater (No. 1) 7.38.

The total rainfall recorded at the Royal Observatory from January 1 to August 31 was 75,603 inches compared with 44,465 inches for the corresponding period last year.

CAMBRIDGE CREW WIN IN S. AFRICA

The Cambridge University oarsmen touring South Africa scored their second victory when they defeated crews from three South African Universities on the Vaal River at Vereeniging.

The Cambridge four covered the course of one mile 550 yards in 7 min. 52 sec., beating Witwatersrand University by three lengths.

Capetown University crew were third, one length behind, and the Natal boat was another three lengths away.

WHEN FOOTBALL WAS FROWNED AT

Thirty years ago, James Arthur Galloway played for Dundee, Scottish football club as an amateur under an assumed name because he feared parental wrath.

Recently, to the club's annual meeting, he was elected chairman. Transfer fees converted what otherwise would have been a loss into a profit of £1,200 for the club on the past season's working.

"FOUR GIRLS IN WHITE" AT THE MAJESTIC

Hospital life as viewed from the eyes of a nurse is revealed in the stirring new picture to be screened at the Majestic Theatre to-morrow. It is "Four Girls in White," the four nurses of the title played by Florence Rice, Una Merkel, Ann Rutherford and Mary Howard, and

the man in the case enacted by Alan Marshal.

Specifically, the story deals with a girl who decides to become a nurse as a means to a profitable marriage and what happens to her to make her a heroine rather than a selfish little schemer.

Prominent roles in support of the principals are played by Kent Taylor, Buddy Ebsen and Jessie Ralph.

LEADING LADY WILL BE PAULETTE GODDARD

Here's news for the world's millions of staunch admirers of Charlie Chaplin! He has not only begun work on his new picture, but he has just announced that his leading lady for it will be the lustrous and fascinating Paulette Goddard!

Yes, Charlie has the script ready, he has the leading lady ready, and now he has the famous Chaplin studio ready to launch the first Chaplin feature picture since "Modern Times," which you saw about two years ago.

THE FIRST SET
A reporter who visited the Chaplin studio the other day got first-hand evidence that the work is going forward with great speed.

A large crew of carpenters and stage-craft artisans is at work day and night constructing the first set, one of the largest ever built on the Chaplin lot. It represents an overcrowded tenement street of a city somewhere in Europe, and it will provide the setting for much of the action of the picture.

You are wondering, no doubt, what the nature of the plot is, what sort of a character Chaplin will reveal in his newest film production. But we cannot tell you because, as usual, Chaplin keeps those matters "under his derby hat," and the world will not know until the picture is released.

But he does tell us that it will be a comedy and that it will have a topical theme. And the title—oh yes, the title is to be "The Great Dictator."

THE LONE WOLF RETURNS TO THE KING'S TO-DAY

Timely & Dramatic Entertainment

The Lone Wolf, suave, light-fingered international thief, returns to thrilling life in Columbia's "The Lone Wolf Spy Hunt," which opens at the King's Theatre with Warren William superb in the title role and Ida Lupino co-starring.

The new film is thrice welcome: It is not only timely, dramatic and delightful entertainment, it not only marks the return to the screen of both the adroit Mr. William and the debonair Lone Wolf, but it is the first of a projected series of Lone Wolf films.

The screen has seen several Lone Wolfs since Louis Joseph Vance created the character more than 20 years ago. H. B. Warner, Melvyn Douglas, Bert Lytell and Francis Lederer have already portrayed the international thief. But, without wishing to depreciate their performances, William is ideally cast and "The Lone Wolf Spy Hunt" is, therefore, packed and joyous.

Miss Lupino reveals herself as a delightful comedienne. Ralph Morgan is splendid as Gregory, the mild-mannered, murderous spy chief. Rita Hayworth is archly effective as his feminine lieutenant, and Marc Lawrence and Ben Welden lend credence to their gangster roles.

RECORD ENROLMENT OF FIRST YEAR STUDENTS AT THE H.K. UNIVERSITY

THE HONGKONG UNIVERSITY YEAR COMMENCED YESTERDAY WITH A RECORD NUMBER OF 140 STUDENTS IN FIRST YEAR COURSES, as compared to a normal yearly enrolment of between 70 and 80 new students.

Of the First Year students, 58 are in the Faculty of Medicine, 35 in Engineering and 37 in Arts.

The total enrolment for the year, it is estimated, will be between 500 and 525 students. There were 70 graduates last term, and account has also been taken of the many non-returnees.

Some 20 per cent. of the new students are from Overseas, the majority of these being from the Straits Settlements. The unfavourable rate of exchange makes for poorer representation from Shanghai, and there are also, for the same reason, only three or four Russian students from northern ports.

There are no unoccupied or unclaimed rooms at the University and private hostels, and late arrivals from the Straits and the East Indies will be hard put to it to find suitable accommodation.

LINGNAN STUDENTS

Registration of students for the Lingnan University's autumn semester was proceeding yesterday evening, and 509 students had been enrolled when the "Hongkong Daily Press" reporter called early in the evening.

It is expected that total enrolment will be about 550. There were 480 students who attended courses last semester, while normal enrolment when the University is in Canton has reached over 600.

Freshman students for the semester will number about 180, as compared to 200 last semester. The falling off in freshman enrolment is ascribed to the growing popularity of universities in the interior and, also, to the unfavourable rate of exchange.

Courses offered this semester total 170, as compared to 150 before the summer vacation.

The wedding took place on September 2 at St. Andrew's Cathedral, Singapore, of Miss Molly Dornington-Timmins to Lieut. Charles Alexander Heaton Owen, R.N.

APPLICATION FOR REDUCTION OF CAPITAL

At the Supreme Court yesterday, the Chief Justice, Sir Althol MacGregor, granted the application of Messrs. Shin Tet Thong and Co., Ltd. for the reduction of their capital from \$5,000,000 to \$3,500,000.

Mr. H. C. Macnamara, instructed by Mr. E. S. C. Brooks, who represented the firm, said that the company was a private limited company consisting of 500 shares of \$10,000 each, of which 238 shares had been issued.

Accumulated Losses
The amount of the reduction consisted of \$653,000, representing accumulated losses since 1934 and not now represented by capital, and \$714,000 being the return of capital on fully paid-up shares.

The value of the shares are to be reduced to \$7,000 each.

TRIBUTE TO ST. JOHN AMBULANCE ASSOCIATION

Report of the Chapter General of the Venerable Order of St. John for 1938 singles out Hongkong for special mention.

The following is an extract:—No part of the Brigade can have been tested more highly during the past three years than that at Hongkong, and my gratitude and appreciation goes out to the Commissioner, Mr. Alfred Morris, C. St. J., and the Lady District Officer, Mrs. R. Langley, O. St. J., and all their Officers and other ranks who have served so well in the direct relief of suffering and in bringing comfort and hope to despairing refugees.

As one who was privileged to witness some of this work, and as one who visited Canton in the earlier stages of the Japanese-Sino conflict, I can perhaps appreciate better than most the excellence of these services.

YOUNG AMERICAN STOWAWAY

James Doran, 19-year-old American from San Francisco, appeared before Mr. E. H. H. Smith at the Kowloon Court yesterday, on charges of stowing away aboard the liner "President Pierce" at Manila, and for entering the Colony without a valid passport.

Doran gave himself up to the captain as the President Pierce was on its way to Hongkong. He was committed by the Magistrate to the House of Detention, and an expulsion order is to be made against him.

CONTRARY TO DEFENCE REGULATIONS

H.K. UNIVERSITY STUDENT FINED

A warning to the public of the serious consequences which would follow if anyone was found to have in his, or her, possession any secret codes or ciphers, an offence contrary to the Defence Regulations published in the Government Gazette on August 26, was issued by the Magistrate, at the Central Court yesterday, when a University student was charged with the unlawful possession of a secret code without permission from His Excellency the Governor.

DUE PUBLICITY

Mr. R. A. D. Forrest, before whom the case was heard, requested that due publicity be given in the case through the press for the benefit of the many business firms and other establishments, and pointed out that any further cases of this nature would be treated more seriously.

The defendant in the case was Tsung Kwai-ung, 26, a student of the Ricci Hall, Hongkong University, who was represented by Mr. P. M. Hodgson.

Pleading guilty, Mr. Hodgson said that it was a technical offence. The code was used by the defendant for commercial purposes only, sending information to his friends in Shanghai in business dealing. But he himself did not indulge in the transactions.

DID NOT REALIZE

Tsung went to Shanghai in August, before the Regulations were published, returning early in September. He did not realize that there was a prohibition against sending messages in code until September 7, when he immediately cabled to his friends in Shanghai, directing them to cease communicating in code.

The cable despatched for the purposes was shown in Court.

Mr. Hodgson further pointed out that there must have been hundreds of firms possessing secret codes for business transactions in peace-time. Under such circumstances, he said, his client had committed only a technical offence.

GOING TO AMERICA

The defendant had intended to go to America to further his studies. It was important, therefore, that his character, should not be slurred, as it would cause inconveniences during his travel and stay there. Mr. Hodgson requested that a caution registered against the defendant would serve the case.

Detective-Sergeant Hill, of the Special Branch, told the Court that the defendant had given every possible help to the police in connexion with the case, and had submitted, at the earliest possible stage, the code to the censors for examination.

WARNING TO OTHERS

Mr. Forrest, while imposing a fine, said that the case must be given due publicity. There was no doubt the defendant had acted in innocence, but

Chu.

The publicity was not intended to serve as a disgrace to the defendant, but to bring to the notice of others the prohibition against possessing secret codes. He stressed that the Government would take a more serious view in future cases of similar nature. A fine of \$10 was imposed. The maximum fine is \$2,000.

VACCINATION CERTIFICATE FORGED

Charges of forgery of documents, uttering forged document and possession of forged document were preferred on Tang Chiu, 36, when he appeared before Mr. R. Edwards at the Central Court yesterday.

Chan Kam-pui, an unemployed druggist, was also charged with possession of forged document.

Tang was alleged to have purchased a forged vaccination certificate from Chan Kam-pui on behalf of a woman who was leaving Hongkong. Chan was alleged to have forged the memorandum note paper from Dr. H. N. Lu. When the police raided his house he was found in possession of the forged document.

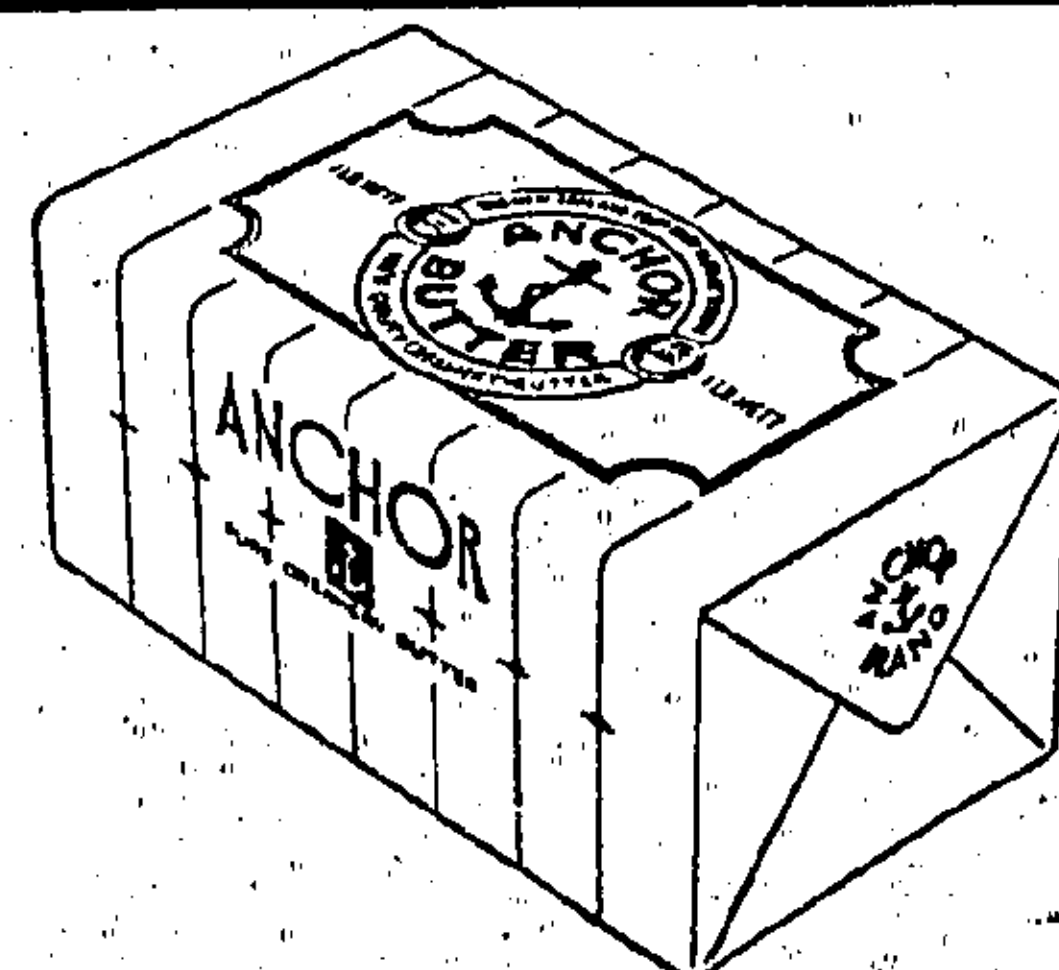

Both defendants pleaded guilty. Sentence of three months' hard labour was imposed on Tang, while six months was passed on Chan.

HONGKONG, SEPTEMBER 12, 1939

THE POSITION
OF CHINA

"SETTLEMENT OF THE
China affair constitutes
the basis on which Japan will
attempt to readjust her inter-
national position," the new
Japanese Premier, General
Abe, is reported to have
declared.

THIS STATEMENT has
been amply reinforced by
facts. Ever since the Soviet-
German Non-Aggression Pact
snook the Japanese war god
to the depths of his tinny
soul, the policy of the coun-
try has consisted of a series
of declarations of neutrality
with regard to affairs in
Europe coupled with con-
tinued encroachment on the
rights of Third Powers in the
Far East.

EXAMINED in the light
of these facts, "settlement of
the China affair" comes to
have a very definite, and very
broad, meaning. Japan not
only expects Britain, America
and France to recognize her
conquests. She wants them
also to put pressure on the
Chinese Central Government
in Chungking to accept a
dictated "compromise" and,
finally, to relinquish their
administrative privileges in
the Concessions and withdraw
the armed forces which they
have long maintained in
China. Time was when such
an act of self-abnegation was
so unlikely that the Japanese
themselves seemed hardly to
believe in it. To-day, the
position is different. Japan's
"neutrality" is worth some-
thing as a bargaining counter,
and she is planning to achieve
by guile what she has failed
to do by threat.

THERE IS ONE THING,
however, that both the Jap-
anese and those who toy with
the idea of any arrangement
with them appear to forget.
China, the country that has
fought and suffered so much
during the past two years, is
not exhausted by the struggle.
On the other hand, she can,
after weighing the results of
her resistance, feel definitely
that as a result of her fight
she is not only closer than
she was at the outset to a
victory over Japan, but is
much further advanced along
the road to effective modern
nationalism than she would
have been if the issue had
not been joined when it was.

ONLY JAPAN WANTS to
make peace. China is satis-
fied with what she has gained
in the course of the war, and,
even if the final victory calls

Design Contest Results

CONGRATULATIONS TO THE
WINNERS

The "Hongkong Daily Press" offers congratulations to the
winners and tenders thanks to those who participated in the De-
sign Contest recently conducted by the Hongkong Daily Press for
the purpose of securing a suitable design for the cover of the Special
Supplement to be issued on the occasion of the 82nd Anniversary
of the "Hongkong Daily Press" and in commemoration of the
28th Anniversary of the Republic of China.

The Contest closed on August 31st with a total of 51 entries.
In accordance with the rules of the Contest all winners will re-
ceive the "Hongkong Daily News" for three months free of charge
in addition to their individual prizes. Others who participated in
the contest, but getting no prize, will receive the "Hongkong
Daily Press" for one month free of charge.

THE WINNERS

Class A—for completed designs.
Mr. G. Mai Fann: First prize of \$50.
Mr. Mei Yen-tseng: Second prize of \$10.
Mr. Chiao Nien-bien: Third prize of \$5.
Class B—for outline designs or suggestions.
Stoker A. E. Kay: First prize of \$20.
Mr. H. H. Rose: Second prize of \$5.

Will the above mentioned winners call at the office of the
"Hongkong Daily Press" situated on the 3rd floor in the Marina
House, Queen's Road, Central, on Wednesday, September 13, at
11 a.m., to identify their own designs?

Prizes will be distributed on Saturday, September 16 at 11
a.m. in the same office.

Private Car
Ban In Berlin"AVOID DIRT"
ORDER

AMSTERDAM, Aug. 31.—Ration-
ing is not confined to food under
the new German regulations. It
extends to clothing, soap, petrol,
coal and a great variety of neces-
sities.

Long lines of cars may be seen
parked in the streets of Berlin
owing to the petrol shortage. From
Thursday onwards petrol will be
supplied only to those who have
good reason to use a car, such as
doctors. All other cars must be
taken out of service.

Bed-clothes, towels, curtains,
shirts, underwear, blouses are on
the long list of articles which can
be bought only with special au-
thorization which will be issued by
the municipalities. Shoe leather
for repairing shoes is rationed.

All toilet soap is reserved for the
use of children under two years
of age and for those whose occupa-
tions make them very dirty, such
as chimney sweeps and miners.
The general public is recommend-
ed to avoid getting dirty unneces-
sarily.

Shaving soap is rationed, and
municipalities will give permits for
the purchase of one stick of soap
or one tube of cream, which must
last the purchaser five months.

Those who send clothes to laun-
dries must send washing soap with
the clothes.

for many more years of effort,
knows that this effort will be
accompanied by further gains
in internal strength. And
since it is equally certain that
a protracted war holds for
Japan only the prospect of
further fruitless expenditures
of strength, no one with any
measure of wisdom will anti-
cipate China's acquiescence in
any "settlement" at the pre-
sent time.

THAT THIS SHOULD BE
the position to-day, after two
years of resistance to superior
force proves that China's un-
limited resources and her
450,000,000 people will remain
at the service of the Chinese
nation, and that when the
potential wealth and power
that they represent comes
to fruition—it can only be as
Chinese wealth and Chinese
power.

IT IS NOT JAPAN, a creak-
ing and neurotic Empire built
on sand, that is valuable to
the Powers as a friend now
and in the future. It is
China, who has proved herself
capable already of holding
back the forces of aggression
in the East, and who will go
on from this initial success, if
history teaches us anything,
to a new period of robust and
uncheckable growth.

CORRESPONDENCE
MACAO PLEASURES

Sir,—As to His Excellency the
Acting Consul for Portugal's letter
published in your issue of the 11th
inst. regarding the franchises in
Macao, we are glad to know that
"any such franchise cannot be
renewed under the terms of the
Conventions of the League of
Nations."

To the best of my knowledge,
the fan-tan franchise (also other
gambling franchise), which is now
being held under the name of Fu
Tak Tam is about to expire early
next May, and we earnestly hope
that the Portuguese Government
will see its way to do something
for the welfare of all in the
Portuguese Colony.

ANOTHER POLITICAL
CORRESPONDENT.

The Ministry of Information
states that about 1,140 women's
Royal Naval officers and ratings
are now actually employed at
various principal naval ports.
These had all received some train-
ing in peace time. Others are in
training and it is expected that in
a very short time the replacement
of naval personnel by women will
amount to several thousands.

war against tyranny and aggres-
sion, to a successful termination.

ENROLMENT OF PRISONERS
IN CHINESE ARMY

CHUNGKING, SEPT. 11 (CENTRAL).—THE NATIONAL GOVERNMENT YESTERDAY PROMULGATED A SET OF REGU-
LATIONS AUTHORIZING THE ENROLMENT OF CONVICTS IN
THE ARMY DURING THE EMERGENCY PERIOD.

Prisoners who were convicted of conspiring with or helping
the enemy are not eligible to be enrolled in the army, nor
are those who are above 45 years of age, or are physically unfit
to serve.

Convicts serving life sentences,
who have yet completed five years'
service, or convicts serving sen-
tences of over ten years who have
not completed one fifth of their
sentences, may not be enrolled.
Female prisoners are also not
eligible to be enrolled.

PERIOD OF SERVICE

The names of prisoners who are
to be enrolled in the army are to
be submitted to the Ministry of
War for consideration and ap-
proval. The period of their service
in the army may be deemed as
being spent in prison.

Convicts who serve with dis-
tinction in the army may be
pardoned or otherwise reward-
ed by authority of the Ministry
of War and the National Govern-
ment.

WAR NEWS FLASHES

Mr. Joseph R. Sheehan, Presi-
dent of the American President
Lines, is back at his desk in the
Robert Dollar Building after a
month's business trip East, fol-
lowed by a few days spent in Los
Angeles.

Mr. Sheehan spent some time in
Washington "checking with the
Maritime Commission on the con-
struction programme for his Com-
pany's new ships, and reports that
they are coming along as arranged
and that the first of the sextet of
Round-World liners should be
available for service by next
August, just one year hence.

TWO-MONTH INTERVALS
The other ships should follow
then at two-month intervals, until
we have all six in service," Mr.
Sheehan said.

Mr. Sheehan visited all Ameri-
can President Lines offices in the
East and Mid-West and stated
that he found the business outlook
very good in all sections of the
country.

Mining The
Gold Of ChinaCO-OPERATIVES AT
WORK IN NEW
KLONDIKE

CHUNGKING, Sept. 10.—Rich gold
fields on the wind-swept plateau
of Tibet that may help China solve
her currency problems are attract-
ing the attention of bankers and
mining experts in Chungking.
"There's enough gold here to set
the Chinese currency on its feet,
if we can only get at it," writes
Revi Alley, technical expert of the
Chinese Industrial Co-operatives,
who is now investigating on the
Szechuen-Sikang border.

Mr. Alley is on his way into the
heart of the Hsi-Fan tribes' coun-
try where it is believed that rich
lodes exist, as well as large deposits
of alluvial gold which are already
being washed by hand methods.
"In northwest Szechuen," writes
Mr. Alley, "I saw 10,000 men dig-
ging on one mountain side with
primitive methods, but making
money."

At present most of the gold is
worked by private firms that mar-
ket abroad and pay taxes to the
Central Government. However,
the Tibetan tribesmen recently
sent two chiefs down to Chung-
king, 300 miles away, inviting the
Government to aid in developing
their deposits.

Until Mr. Alley's trip is complete,
it is impossible to say whether
geographical and political condi-
tions are favourable for large-scale
development. If outsiders can be
admitted into the rocky mountain
valleys, the Industrial Co-opera-
tives plan to set up several wash-
ing and mining societies, using
both native tribesmen and refugees
from the war zones.

Meanwhile, government and pri-
vate circles in Chungking are
keenly interested in the future of
gold in Sikang. Should the reports
that are coming in from various
sources prove true, China may have
found a new Klondike.

Refugees from Germany, Austria
and Czechoslovakia have been
prominent in their offers to help
Australia in any capacity, while
in Canada, Poles and Ukrainians,
as well as Czechs, have formed
their own organizations to pledge
the loyalty of the Dominion and
to offer their services in any form
she may meet.—(BWS).

HEROIC RESISTANCE OF POLISH ARMY AGAINST MOST OVERWHELMING ODDS

Nazi Claim Warsaw Penetrated And Troops Awaiting Main Army

LONDON, SEPT. 11 (REUTER) — THOUGH IT IS HARD TO OBTAIN EXACT DETAILS OF THE FIGHTING IN POLAND, SAYS A STATEMENT ISSUED BY THE MINISTRY OF INFORMATION, ONE THING IS CLEAR — THE HEROIC RESISTANCE OF THE POLISH ARMY AGAINST OVERWHELMING ODDS.

The statement recalls that on Friday night the Germans announced the fall of Warsaw and says that the Polish Ambassador in London yesterday stated that the German claims were false and that the Polish news bulletins were still being broadcast from Warsaw.

By Field Marshal von Goering's own confession, Germany has "massed seventy divisions" for her aggression against Poland, but despite the Nazi might in men and materials, the Poles have shown no signs of cracking under the strain and have withdrawn in a steady and orderly manner.

It is too soon to talk of what will happen to Warsaw, says that statement, but it is certain that the Polish Army is still in being and is showing qualities that have evoked universal admiration.

LONDON, SEPT. 11 (REUTER) — The South the Poles have organised new lines on the Vistula. A Polish General Staff communique broadcast by Warsaw radio stated that the German forces have withdrawn from the immediate neighbourhood of Warsaw.

A Ministry of Information bulletin refers to the exceptionally high morale of all ranks of the Polish troops and their toughness and steadiness in retreat.

Despite the tremendous weight of men and material, the Polish Army has shown no sign of cracking under the strain imposed on it.

An appeal to the citizens of Lwow, the third largest town in Poland, 180 miles east of Cracow, to resist any attack on the city was broadcast from Lwow last night.

GERMAN STATEMENT
"Regarding the operations on the Polish front, the German people must understand that our troops cannot be expected to maintain the surprising speed of their advance," declared the announcer in a midnight broadcast on the German radio last night. He added: "It is necessary to spend a considerable time, securing the district invaded so far."

A message from Berlin states that a German news agency report, dated from the Reich Fuhrer's headquarters, states that military operations in the Polish Corridor are regarded as concluded. The Fuhrer is stated to have inspected the German forces in Silesia.

WAR CONDITIONS IN POLAND

CERNAUTZI, SEPT. 11 (REUTER) — In Rumania, a vivid impression of wartime conditions in Poland was given to Reuter's special correspondent who arrived last night on the Rumanian frontier in a British Embassy car, crammed with Embassy staff, mostly women, after a three-and-a-half day journey from Warsaw, which was marked by constant air raid alarms.

The correspondent says that the unexpectedly rapid advance of the invaders had distressed, but not discouraged, the Poles who were proud of the fact that their army was fighting against overwhelming odds and were convinced that the Allies would win in the West.

DISTURBING FEATURE
The most disturbing feature of the military situation has been the German advance from Slovakia threatening the Bug-Vistula line, where the Polish Command were convinced they would be able to make a long stand.

The British and French Embassies, which arrived at the temporary capital near Lublin on Tuesday, learned almost immediately that the village was untenable and were ordered to pack for an unknown destination in the Pinsk Marshes.

BREATHING SPACE
LONDON, SEPT. 11 (REUTER) — A despatch from Budapest says that the Poles are successfully consolidating their positions on the front north-west of Warsaw. The despatch says that the Poles have been given a breathing space to organise long range resistance. In

SOVIET PREPARING - FOR WHAT?

MOSCOW, SEPT. 11 (REUTER) — Tanks are rolling out of Moscow in an endless stream all night and all trains leaving the capital are filled with troops bound for an unknown destination.

Reservists in the military districts between the Baltic Sea and the Black Sea have now been called up.

The Soviet's military measures are having a noticeable effect on the capital where the normal routine has been interrupted and the theatres usually packed, are half empty.

GERMAN TROOPS AWAITING ARRIVAL OF MAIN FORCES OUTSIDE WARSAW

LONDON, SEPT. 11 (REUTER) — The German High Command, according to a Nazi radio broadcast from Berlin, claims that German motorised units have penetrated into the centre of Warsaw, "but withdrew to await the arrival of the main Army."

There is no confirmation of the Nazi claim to have captured Lodz, the large industrial centre 75 miles south-west of Warsaw.

Both German and Polish communiques report that severe battles are raging north of Warsaw. German planes are bombing roads leading out of Warsaw to the south and south-west.

Reuter's correspondent, who was one of the party travelling to the Rumanian frontier by road said that Nazi planes had been flying as far as the frontier, though there had been few actual air raids in east Poland. He thought the planes were taking photographs.

PIERCE BATTLES
BERLIN, SEPT. 11 (REUTER) — A German communique claims that between the mountains and the River Vistula, German forces continue in pursuit of the Poles in an easterly direction and that fierce battles are proceeding.

The communique adds that north-east of Warsaw the Germans have gained a foothold across the river, and asserts that bombing attacks by the German Air Force have blocked the roads leading back from Warsaw.

The communique also admits that French reconnoitring troops have crossed the frontier and "entered fighting contact with our outpost."

ATTACK HELD UP

LONDON, SEPT. 11 (REUTER) — The German High Command, in a communique issued yesterday night, admitted that their attack on Warsaw was being held up in the north-west and the south-west of the Polish capital. These battles, according to the German communique, are likely to be decisive.

The German forces north-west of Warsaw are trying to establish bridgeheads. On the south-west, an even greater battle is raging on the front from Lodz to Warsaw along the railway to the Vistula.

DIFFERENT VERSIONS

ROME, SEPT. 11 (REUTER) — Italian newspapers give different versions of the fighting in Poland. They allege that the German mechanised units have entered the suburbs of Warsaw on Friday, but later retired. The Italian press asserts that the Nazis have now completely surrounded Warsaw.

INDIAN LOYALTY

SIMLA, SEPT. 11 (REUTER) — One hundred and one Indian princes have hitherto sent loyal messages to the Viceroy of India, Lord Linlithgow.

ANOTHER SHIP TORPEDOED: CREW RESCUED: BRITISH CONVOY SYSTEM NOW BEING ARRANGED

NO PEACE AT EXPENSE OF POLAND

WAR CABINET'S DECISION

LONDON, SEPT. 11 (REUTER) — The British War Cabinet's decision to prepare for a war of at least three years is welcomed by the British and French press, which says that it shows that there will be no peace at the expense of Poland.

London and Paris papers reject the implication in Field Marshal von Goering's speech that this country and France might conclude a separate peace with Germany at the expense of Poland.

NAZI PROPAGANDA
Responsible circles in Paris say that Nazi propaganda is still trying to influence neutral opinion by implying that the defeat of Poland is near and that the end of the war will come soon afterwards.

This Nazi propaganda is based on the error of psychology which German leaders have often shown. Once and for all, it is declared, Britain and France will make a common cause with Poland.

In London, it can be stated on the highest authority, that Britain is at war so that the enormities of the Nazi attacks on Czechoslovakia and Poland shall not occur again and that there will be no negotiations until all Nazi troops are withdrawn from Poland.

PARIS, SEPT. 11 (REUTER) — The Military Governor of Paris has been transferred to the front and has been relieved by the Military Governor of Strasbourg.

ENEMY SHIPS Captured

LONDON, SEPT. 11 (REUTER) — THE LONDON STEAMER KENNEDY, 5,548 TONS, OWNED BY THE ANGLO-AMERICAN OIL CO., WAS TORPEDOED, BUT THE CREW WERE RESCUED.

As soon as the British convoy system comes into force, shipping losses are expected to cease. The convoy system cannot be initiated immediately as British merchant ships are scattered all over the world.

NAVY ACTIVE
Ships of the Royal Navy, of all types have been active since the outbreak of war in all parts of the world in maintaining the Empire's shipping routes. The Navy has been specially active around the British Isles and in the Atlantic.

Although we suffered losses from submarine attacks, even more enemy merchant ships have been captured, sunk or interned in neutral ports. The Admiralty is giving no details of the campaign against submarines, but our hunting flotillas of destroyers and light craft are still active.

LONDON, SEPT. 11 (REUTER) — Three more British merchantmen have fallen victims to German U-Boat attacks.

The steamship Magdapor (9,285 tons) was sunk and some casualties are expected.

The Magdapor, which is a sister-ship of the Manar, was en route to Calcutta from Liverpool and was owned by the Anchor-Brookbank Line. She was built in 1921.

The Rio Claro (4,086 tons) which was sunk on Sept. 6, be-

longed to the Thompson Steamship Co., London.

The Regent Tiger was sunk on Sept. 8.

THRILLING MOMENTS
LONDON, SEPT. 11 (REUTER) — A member of the crew of the Union Castle liner, Warwick Castle, which escaped from two German submarines, told newspapermen of the thrilling moments on board the giant vessel when she arrived in England yesterday.

A sailor, who was the look-out man at the time, said that they sighted two German submarines — the first was directly ahead and the Warwick Castle started to steer a zig-zag course, and slipped the submarine. That was on Friday.

Shortly afterwards they saw another submarine, which might have been the same craft, though he did not think so. This submarine was astern.

The Warwick Castle sent a radio call to vessels of the Royal Navy and nothing more was seen of the submarine.

GONE ASHORE

LONDON, SEPT. 11 (REUTER) — The Ministry of Information states that the German merchantmen Baldur (5,805 tons) and the Vegesack (4,061 tons) are reported to have gone ashore on the Norwegian coast.

30 TAKE REFUGE

LONDON, SEPT. 11 (REUTER) — Nazi merchantmen, aggregating 30 in number, which have taken refuge in the Spanish port of Vigo on the outbreak of war, will be interned there for the duration of the conflict.

SOME SUCCESSFUL

LONDON, SEPT. 11 (REUTER) — The Ministry of Information announced that numerous reports of operations against German submarines had been received and that it was probable that some were successful.

CHINESE BUDDHIST MONKS HELP RESISTANCE

CHANGSHA, SEPT. 10 (CENTRAL) — BUDDHIST MONKS IN HUNAN ARE DOING THEIR PART IN THE WAR OF RESISTANCE.

A Buddhist Relief Association has been organised at Henghsan (Nanyo), 69 miles south of Changsha, which is one of the four sacred mountains in China. It is busily engaged in relief of wounded soldiers and destitute refugees.

Young Buddhist monks have meanwhile organised a Buddhist Youth's Service Corps. After a period of training, the corps has left for the north Hunan front to do wartime service.

It has as its captain Monk Yen Wen, a Yunnanese, who before he became a monk had been regimental commander, the staff officer of the Nationalist Revolutionary Army as well as staff officer of the Woosung Garrison Headquarters and had taken part in the Northern Punitive Expedition and the Shanghai hostilities in 1932.

MANIFESTO ISSUED

Chinese Buddhist help China's resistance on the ground that Buddhism is anti-aggression and sympathetic to the oppressed.

In a manifesto issued upon its inauguration the Buddhist Youth's Service Corps declared: "The doctrine of Buddha seeks for the welfare of mankind and, in fact, all living creatures. It is therefore opposed to aggression and encourages resistance."

The work of the Chinese Buddhists in the war of resistance has counteracted much of that of Japanese Buddhist monks who have been sent in increasing numbers to Japanese-occupied areas in China to try to "pacify" the Chinese and make them submit to Japanese rule.

30 TAKE REFUGE

PARIS, SEPT. 11 (REUTER) — France has issued a new decree for the protection of her gold reserves which are the largest in the world, except those of the United States. No export of capital will be allowed in any form, and trade in gold will only be authorised by special permit, while Foreign Exchange transactions will be controlled.

SOME SUCCESSFUL

PARIS, SEPT. 11 (REUTER) — The air raid sirens sounded at 4.15 a.m. this morning in Paris, but the all clear signal was given at 4.35 a.m.

REFUGEES IN RUMANIA

BUCHAREST, SEPT. 11 (REUTER) — Two special trains, containing armed police, are proceeding to the Polish-Rumanian frontier to deal with civilian refugees who are beginning to stream across the border.

It is understood that the Rumanian authorities intend to deal sympathetically with the refugees.

Commenting on the subject the newspaper "Timpul" writes: "The sufferings of Poland find in us a natural sympathy for a friendly neighbour. We shall to everything possible to ease the lot of these outcasts."

The Berlin correspondent of the "National Tide" says that the first German bulletin on the western front fighting announced over the radio yesterday created a great impression as many Germans are ignorant of the fact that war has started in the west and are hoping that hostilities on that front could be avoided.

NAZI PLANE HELD

KAUNAS, SEPT. 11 (REUTER) — A German plane landed in a Lithuanian village. The machine was confiscated and the two occupants were interned.

PARIS, SEPT. 11 (REUTER) — M. Campinchi, Minister of Marine, forebodes a further expenditure in the official Journal.

He says that it will probably be necessary to earmark 150,000,000 francs, included in the 1940-1941 Finance Budget, for the construction of naval vessels and for equipping coastal defences.

"Good party last night, wasn't it?"

"Er—yes—I suppose so. Somehow I don't seem to remember things very clearly. I've got a vague recollection of somebody wearing a fr.".

"Yes. That was you."

"Oh, I see. Tell me, Philip—do you remember me being dropped head downwards from a great height on to a concrete floor, by any chance?"

"Slight headache, eh?"

"Philip—I wish I had your flair for understatement. I feel as though I had lived on an exclusive diet of iron filings and broken glass for the last five years. What amazes me is that you seem to be so disgustingly cheerful and bright this morning."

"I know. It must be very exasperating. A medicine man warned me to 'stick to 'Gimlets' at parties. So I always take the precaution of bringing my own bottle of Rose's Lime Juice. You may cock a sceptical eyebrow, Edwin—but it works."

"How?"

"Rose's Lime Juice is the latest thing in therapeutic agents. It restores the metabolic balance—in simple non-scientific parlance—suitable for a mind such as yours, Edwin—it prevents hangovers."

"Why—oh why—didn't you tell me this last night?"

ROYAL AIR FORCE COMMANDS

Of the seven "Commands" of the Royal Air Force at home Air Chief Marshal Sir Edgar R. THE SERVICES

ROYAL NAVY

COMMAND OF THE VALIANT

The return to service shortly of the battleship Valiant is indicated by the appointment of Captain W. K. D. Dowding, D.S.C., to command her on commissioning for trials.

Since March, 1937, the Valiant has been undergoing reconstruction at Devonport Dockyard at an estimated cost of some £2,240,000 (over £200,000 more than her original cost in 1913-15), and the work has included the installation of new machinery and boilers.

Captain Dowding was until recently Senior Naval Officer in the Red Sea in H.M.S. Egret. He was awarded the D.S.C. in July, 1917, for service in minesweeping operations in H.M.S. Holderness after having served during the early part of the War as assistant navigator in H.M.S. King Edward VII. and navigator of the monitor Marshal Soult, in the Dover Patrol.

He has attended the courses at the R.N. and R.A.F. Staff Colleges and was promoted to his present rank in June, 1935, while on the staff of the Commander-in-Chief at Portsmouth.

AERO ENGINE COURSE

As a temporary arrangement with a view to the immediate provision of technical officers for the Fleet Air Arm, certain engineer officers are being given a course of training at the R.A.F. School of Aeronautical Engineering at Hendon without receiving flying instruction. The first group joined a year ago. The second have begun their course. Among them are Commander (E) C. R. Craven-Phillips, promoted in December last after two years as engineer officer in the Persian Gulf Division; and Lieut. Commanders (E) W. M. Gibson, from the training ship Caledonia at Rosyth, and E. R. Tyndale-Biscoe, hitherto second assistant to the Engineer Manager at Devonport Dockyard.

THE ARMY

COMMAND OF THE 41ST

Lieutenant-Colonel Frederick W. Ford, who has assumed command of the 1st Battalion, The Welch Regiment, was over two years in the ranks before being commissioned into the regiment in February, 1914.

In two years he was made captain and appointed adjutant in a Special Reserve unit, and had service with the 9th Battalion of his regiment. He was wounded in France and went on to the Waziristan operations of 1921-24. He got his majority in 1924, and has been for some time with the 2nd Battalion in India.

Lieutenant-Colonel Geoffrey S. Brewis, D.S.O., who relinquishes command, has had the old 41st in Palestine this year and has had nearly 20 years' service with the regiment. He was a major with the 2nd Rhonda Battalion, Lieutenant-Colonel of the 7th Battalion, The Lancashire Fusiliers, and Major in the 6th Glamorgan Battalion.

After the War he returned to the 1st Battalion, which he had commanded, to serve as adjutant, commanded the Depot at Cardiff, and 1st Battalion from 1936.

S.J.A. MEDICAL BRANCH

A total of 14,399 cases, made up of 8,432 old cases, 5,851 new cases and 118 maternity cases were treated by the St. John Ambulance New Territories Medical Benevolent Branch during August. A total of 123 vaccinations and 164 anti-cholera inoculations were administered.

In Chinese territory, a total of 1,784 cases, made up of 815 old cases, 967 new cases and 2 maternity cases, were treated.

The returns also mention that the hospitals at Nam Tao, Shum Chun and Ping Wu were hurriedly evacuated and all material abandoned.

The death took place on Aug. 28, at his residence, "Branksome," 65, New Church Road, Hove, Mr. John Hannay Scott, aged 58, late of Hongkong, husband of Dorothy Scott. The funeral was held at Hove Cemetery on Aug. 31.

CLAIMED TO BE WIDOWS

Dressed in black and wiping the tears from her eyes, Ang Soey Neo, the defendant in a probate suit, related to Mr. Justice Manning in the High Court, Singapore how she married her late husband, Wee Thiam Kee.

The plaintiffs in the case, Khoo Ah Kow, Tan Beng Choo and Koh Cheng Keow, claim that they are the lawful widows of the late Wee Thiam Kee who died intestate at Singapore in February this year. They are represented by Mr. R. C. H. Lim who formerly practised in Hongkong.

At this morning's hearing, the defendant Ang Soey Neo, related to his lordship that she married her late husband when she was only 16 years of age. Her present age was 35. She had one daughter by her husband. In reply to a question by her counsel, Mr. S. Fung, she said that her marriage was according to old Chinese rites.

Ang Hock Kee, another witness who was described as a sundry goods shopkeeper, in his evidence said that he was a cousin of the defendant. He knew Wee Thiam Kee since he was a boy. "I heard that he kept some women. I once asked him why he kept so many, and his reply was that I could drive them away from his house any time I liked," he stated.

Further evidence was recorded about the various Chinese rites which had to be gone through before Chinese parties were married.

NEW KIND OF TIRE STOPS QUICKER IS SAFER ON WET SLIPPERY ROADS

Here's a new Goodrich tire
with a tread that gives you the greatest

protection against skidding that you've ever had on your car.

This new Lifesaver Tread is actually a road dryer. Its never ending spiral bars, acting like a battery of windshield wipers sweep water right and left, force it out through the deep grooves. The rubber grips a dryer, safer surface, stops your car quicker than you've ever stopped before.

The new Goodrich SAFETY Silvertown.

D. M. BIGGAR,
Second Vice-Pres.Chinese Are
Hereditary
Miners

"In many cases, the Chinese are
hereditary miners, and in their
own way, they need no instruc-
tion," states Sir Lewis Leigh Fer-
mor in his report on mining con-
ditions in Malaya.

"But I am not in the least
satisfied," he added, "that the
general methods of mining as
conducted by the Chinese are
leading to as high a percentage
of recovery of tin as might be ex-
pected. A certain educational
standard for the workmen or
managers might produce a dif-
ferent result."

Sir Lewis suggests that an
evening class be instituted at
Ipoh and Kuala Lumpur to
educate miners. These classes
are to be conducted by selected
members of the Mines Depart-
ment, who would receive for
their labours a duty allowance,
dependent upon the amount of
time consumed, ranging per-
haps from \$50 to \$100 per
month.

It would be in the first instance
for the Chief Inspector of Mines
to determine the constitution of
the syllabus for such instruction
and the type of person whom he
wished to encourage to attend.
The ultimate aim would be to
enable the Chief Inspector of
Mines to institute some simple
examination for the subordinate
responsible persons in the mining
industry of Malaya.

BUILDING BOOM IN
KANDY

Considerable building activity is
in progress in Kandy, especially in
the land adjoining the University
Site.

Even before the final decision
was reached for the acquisition of
the New Peradeniya Estate for the
University there was a demand for
that portion of the estate lying
within the Municipal limits.

One block of this area had
earlier been purchased by the
Municipal Council for the
headworks of the Mahavelganga
Water Scheme.

Since the completion of the
negotiations for the acquisition of
the Estate for the University, the
owners of the Estate have
parcelled out the remaining land
and buildings are coming up. In
time there will be a row of build-
ings facing Galaha Road, on the
strip of land between the road
and the river.

ACCESS TO THE SITE

The latest transaction is the
sale of an area of about six acres

of land between the Railway and
the Peradeniya Road and adjoining
the Farm School, to a syndicate
the members of which pro-
pose to build bungalows
on the site. This land,
too, is bounded on the east by the
University Site.

For the purpose of access to the
Site from Peradeniya Road, the
Government is likely to acquire a
bit of unbuft land not far away.
Apart from what is already
taking place, there is also build-
ing activity in progress in Kandy
town. Across the River from the
Botanical Gardens, the New
Farm School and hostels for stu-
dents are fast coming up and with
the transfer of the school, its
present site will see the Veterinary
Laboratories taking its place.

In town most building in the
business area takes the form of
the alteration of facades to
modern styles. A few houses are
also in the course of construction
in the outer reaches of the town.

FRESH ADVANCE ON SAAR FRONT
IS CLAIMED BY FRENCH DESPITEENEMY
ATTACKS
SERIES OF
METHODICAL
ACTIONS

PARIS, SEPT. 11 (REUTER)—A NEW ADVANCE ON THE SAAR FRONT IS CLAIMED IN A FRENCH COMMUNIQUE ISSUED LAST NIGHT. A SERIES OF METHODICAL ACTIONS, SAYS THE COMMUNIQUE, HAVE RESULTED IN ADVANCES BETWEEN THE SAAR AND THE VOSGES. THE ENEMY ATTACK EAST OF THE MOSELLE HAD NO RESULT.

Minedfields have been laid by the French and British navies in certain areas in the Channel and in the North Sea.

FIRST CONTACT
WITH GERMANS

LONDON, SEPT. 11 (REUTER)—A German communique issued in Berlin yesterday admitted that French armoured cars had for the first time attacked German outposts in front of the Siegfried Line.

Despite severe counter-attacks, says a French communique, there is no change in the general situation on the Saar Front.

A Havas message says that the French troops spent the night in captured positions in "no-man's land," and that despite counter-attacks the French are holding their newly won positions. The Saar fighting, says Havas, is a war of infantrymen and sappers in contrast to the war of movement in Poland.

ENEMY OFFENSIVE

PARIS, SEPT. 11 (REUTER)—A communique issued last night states that a series of methodical actions enabled advances between the Saar and the Vosges.

There are indications of an enemy offensive movement to the east of Moselle, in the region north-east of Sierck.

LIVELY REACTION
BY ENEMY

PARIS, SEPT. 11 (REUTER)—A semi-official survey of the military situation on the Western Front, issued by Havas, states that the French troops spent last night on positions conquered two days before and which they have maintained despite lively reaction by the enemy.

During the night the troops strengthened their liaison with the positions from which their attack was launched through difficult ground they had just conquered which the enemy had previously

FOREIGN PLANES
OVER BELGIUM

BRUSSELS, SEPT. 11 (REUTER)—The Belgian Ministry of National Defence announces that foreign planes flew over Nivelles yesterday morning. Owing to fog, no accurate observation of the planes could be made and their height and direction of flight could not be ascertained.

First War
Declaration
By CanadaKING TO SIGN
DUPLICATE COPY
OF PROCLAMATION

OTTAWA, SEPT. 11 (REUTER)—CANADA DECLARED WAR ON GERMANY AT 6.10 P.M. (B.S.T.) The Proclamation, which appeared in a Gazette, says: "A state of War with the Reich exists and has existed in the Dominion of Canada from Sept. 10."

COPY CABLED

A copy of the Proclamation was cabled to His Majesty the King in London and His Majesty is expected to sign a duplicate copy shortly as King of Canada.

This is the first time Canada has declared war. In 1914, Canada merely published the British declaration of war in a Gazette.

NEUTRALITY ACT

WASHINGTON, SEPT. 11 (REUTER)—The United States Government has announced that the provisions of the Neutrality Act now apply to Canada.

FOREIGN
EXCHANGE
CONTROLRepresentations By
Chinese Bankers

Following a meeting of the Chinese Bankers' Association on Sunday it was decided to make representation to the Government regarding the control of foreign exchange and yesterday a deputation called on the Financial Secretary, Hon. Mr. Sidney Caine, to be learned.

The deputation comprised the Hon. Mr. Li Tse-fong, Chief Manager of the Bank of East Asia, Mr. Chan Tsi-yu, Manager of the Bank of China, and Mr. Chu Yip-ming, Manager of the Overseas Chinese Bank.

The deputation pointed out that if only the above mentioned three banks be allowed to take over control, overseas Chinese foreign exchange would go direct to China instead of to Hongkong. The Chinese banks in the Colony were not opposed to the control of foreign exchange and would do everything possible to assist the Government. The Financial Secretary replied that the matter would be considered by the Government.

SERVED IN CHINA

Death Of Admiral
Sir Geo. King-Hall

LONDON, SEPT. 11 (REUTER)—The death is announced of Admiral Sir George Fowler King-Hall, K.C.B., C.V.O.

Born on Aug. 14, 1850, he was the eldest son of the late Admiral Sir William King-Hall, K.C.B. and Lady Louisa King-Hall. He entered the Navy in 1863 and was appointed Captain in 1891.

In 1898 he was appointed Commissioner at Wei-Hai-Wei on its transfer to the British Government. From 1902-1904 he was Chief of Staff to Admiral Sir John Fisher, K.C.B., in the Mediterranean Station. He was made a Rear-Admiral in 1904, Vice-Admiral in 1908 and Admiral in 1912. From 1910-1913 he was Commander-in-Chief of the Australian Station. He retired in 1914.

The New Zealand Government has decided to raise a special military force for service within or beyond New Zealand. Enlistment, which is voluntary, is for the duration of the war and twelve months thereafter. (N.Z.S.)

READY FOR ALL
EMERGENCIES

LONDON, SEPT. 11 (REUTER)—British anti-aircraft and coastal defences are now ready for all emergencies, says an announcement from the War Office. The men are on tip-toes and in fine spirits. The fine weather of the past few days has enabled them to put the finishing touches to their training.

Dragged Into
War By
Herr HitlerGERMAN PEOPLE
DO NOT WANT IT

NICE, SEPT. 11 (REUTER)—Henrich Mann, the German novelist, in an interview at Nice yesterday, said: "I am certain that the German people do not want this war. They were dragged into it by Herr Hitler. By freeing themselves they will join those countries who want peace."

"Ever since Herr Hitler came into power, he has been preparing for war."

Herr Henrich Mann came to the French Riviera in 1933 as an exile from Germany. He is a brother of Herr Thomas Mann, who won the Nobel Prize for Literature. He married a German girl in Nice on Saturday.

A.R.P. WORK
IN KWEILIN

KWEILIN, SEPT. 11 (Central)—Work is being vigorously pushed under the direction of the local authorities to transform the Seven Star Cave here, one of the best known scenic spots of Kweilin, into a huge air raid shelter to house 50,000 people in time of need.

Electric lights are being installed inside the dark and fathomless cave. As soon as an air alarm is raised, the cave will be lighted for the people to take shelter. Other caves on the outskirts of Kweilin are also being opened, while a number of bridges have been erected to facilitate the scattering of refugees during a raid.

wrecked by means of many massive destructions.

Besides, many concrete block-houses constituting the advanced works on the Siegfried Line and long-established field works and coal mine galleries which are very numerous in this district provide safe cover for detachments interned for counter-attacks.

FOREIGN MAILS

HONGKONG, TUESDAY, 12th SEPTEMBER, 1939, 9.30 A.M.

AIR MAIL BY IMPERIAL AIRWAYS

The bi-weekly services of Imperial Airways to and from London have been suspended and a service once a week will operate instead. Under the new schedule arrivals will be on Sundays and departures on Wednesdays.

The next outward service will leave Hong Kong on Wednesday, 13th September and mail for this service will close at the General Post Office at 7 p.m. on Tuesday, 12th September. The usual notices will continue to be published in the Daily Press.

SUSPENSION OF ALL UP EMPIRE AIR MAIL SERVICE

As from 8.00 p.m. Monday, 4th September, the all up Empire air mail service is suspended for the time being.

First class mail for destinations served by Imperial Airways whether included in the all up scheme or not will be subjected to a surcharge of \$1.00 per half ounce if sent by air, in addition to the present air mail rates. Letters may however be sent to such destinations by surface transport at the following rates:

(A) To British Possessions—	
15 cents for the first ounce	
10 cents for each succeeding ounce	
10 cents per postcard	
(B) To Foreign Countries—	
25 cents for the first ounce	
15 cents for each succeeding ounce	
15 cents per postcard	

All letters intended for despatch by air must be so superscribed, and bear a blue air mail label.

Parcel Post Service to China is subject to a Customs Embargo on certain foreign goods, a list of which may be seen at G.P.O. & K.P.O.

In all cases parcels can only be accepted for despatch as circumstances permit and at senders risk.
